(a) Any filing shall be made with the clerk of the court through the electronic filing system. Attachments, including exhibits, that are part of any filing shall be filed electronically at the same time. However, no more than one pleading shall be included in a single filing.

(b) An attachment or exhibit that exceeds the technical standards for the electronic filing system or is unable to be electronically filed must be filed with the court on approved media as defined in Court Operating Rule 27. When an attachment or exhibit is filed on approved media, a notice of exhibit attachment shall be filed through the electronic filing system.

103.5 ELECTRONIC FILING DEADLINES

(a) Electronic filing is permitted at all times when the electronic filing system is available. If the electronic filing system is unavailable at the time the user attempts to file a document, the registered user shall make reasonable efforts to file the document as soon as the unavailability ends.

(b) If a registered user believes the unavailability of the electronic filing system prevented a timely filing to the party's prejudice, the registered user may submit a motion to the court within ten days of the user's first unsuccessful attempt to file the document. The motion shall state the date and time of the first unsuccessful attempt to file the document electronically and why the delay was prejudicial.

(c) If the court determines that the unavailability of the electronic filing system prevented the court from receiving the filing, the court shall deem the document filed on the day that the user initially attempted to file the document.

(d) The filing deadline for any document filed electronically is 11:59:59 p.m. central time.

(e) A document is submitted for filing when the electronic filing system receives the document and sends a confirmation receipt to the filer. The electronic filing system will issue a confirmation receipt that includes the date and time.

(f) If the clerk accepts a document for filing, the date and time of filing entered in the case management system shall be the date and time the electronic filing system received the document. The electronic filing system will affix the date and time of filing on the document.

103.6 VERIFIED DOCUMENTS AND AFFIDAVITS

A document required by law to be verified, to be signed under penalty of perjury, or to be signed by a notary public may be filed as an electronic document if the affiant, declarant, or notary public has signed a paper document. Until the entire case is finally disposed, the registered user shall be the custodian of the paper document.

103.7 SERVICE

Service shall be made to registered users through the electronic filing system and to all others as provided in Rule 43.01(c). Service by the electronic filing system is complete upon transmission except that, for the purposes of calculating the time for filing a response, a transmission made on a Saturday, Sunday, or legal holiday, or after 5:00 p.m., shall be considered complete on the next day that is not a Saturday, Sunday, or legal holiday.

103.8 NOTICE OF ENTRY OF ORDERS AND JUDGMENTS

Any notice to the parties required by Rule 74.03 shall be made to the registered users through the electronic filing system and to all others as provided in Rule 43.01.

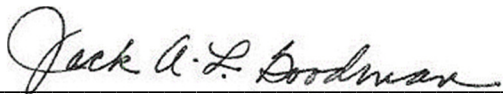

103.9 ISSUANCE OF SUMMONS

If the electronic filing system is used to file a document that must be served with a summons, the clerk shall transmit the summons electronically to the registered user.
